

A Guiding Light to a More Secure Tomorrow

Annual Canadian Fishing Trip

In Northern Manitoba, approximately 300 miles north of Winnipeg, there is a very special place called Bolton Lake—a place where eagles soar, an occasional moose or bear can be spotted along the shore, and lots of really big fish lie in wait beneath the surface. Bolton Lake is 17 miles long and 12 miles wide, with more than 100 islands and 200 miles of shoreline. The lodge can accommodate up to 24 guests, so there are never more than 12 fishing boats on the lake.

2020 will be the 12th year that Hartmann Financial Advisors has hosted a group of clients and friends for four days of incredible fishing, fabulous shore lunches, and meals fit for lumberjacks (breakfast and dinner) back at the lodge. We are excited to be returning to Bolton Lake again this year!

On the following pages you will learn about travel arrangements, accommodations, costs, and the typical daily routine at Bolton Lake. In 2020 we will leave Denver on June 23 and after spending the first night in Winnipeg, we will fish at Bolton Lake for 4 days and then return to Denver on June 28. If you love to fish—or even if you have never fished but would like to learn—we would love to have you join us! Clint Wood (on the left in the top picture) had never fished before, and he caught a 43.5-inch trophy Northern Pike, held by his guide, Tom.

Bolton Lake Lodge

Breakfast in the Lodge 2007

The lodge at Bolton Lake includes a spacious dining room, comfortable lounge, bar, game tables, and a small tackle shop. There are six guest cabins, each with a large lounge area. Each bedroom includes twin beds, a private bathroom with shower, and fresh linens daily.

Breakfast is served from 7:00 to 8:00 every morning, during which your guide will come and find out what you would like in your cooler on the boat that day. You can have soft drinks, beer, candy bars, and other snacks; many guests will request a thermos of hot coffee for the morning. We have been hosting clients and friends at Bolton Lake since 2006, and the meals served at the lodge have always been outstanding—like the rack of lamb pictured below.

The lodge remains open for dessert and other refreshments until 11:00 p.m. The staff is wonderful, and the atmosphere is always fun and relaxing.

Every Day is Action Packed!

Sunsets at Bolton Lake can be spectacular—another reason to fish in the evening!

Ready for a new day

Catch a trophy after dinner

The boats all depart from the dock at 8:00 a.m., and the first hour is usually spent cruising for an early trophy. The rest of the morning is devoted to finding Walleye for shore lunch.

At noon all the boats gather at one of the lunch sites around the lake. Following a shore lunch, the afternoon is devoted to finding lots of Northern Pike, Lake Trout, or Walleye—and perhaps a trophy!

Happy hour is at 5:00, followed by a gourmet dinner at 6:00. Most guests fish again in the evening from 7:00 to 9:00 and then return to the lodge for dessert and other refreshments. The picture at the top of this page is one of the reasons so many like to fish in the evening—the sunsets can be spectacular, and many trophies are caught after dinner!

Traveling to Bolton Lake

We will fly to Winnipeg via United Airlines, on June 24 and stay at the Four Points Hotel, across the street from the airport. You will be responsible for the cost of the hotel room in Winnipeg (included in estimated cost).

The following morning we will leave the hotel at 6:00 a.m. for the private hangar, where we will board a Beech 99 Airliner (10-passenger turboprop) for the 70-minute flight to Bolton Lake. We will arrive at Bolton around 8:00, have breakfast, and be on the water by 9:30.

If you use frequent flyer miles to secure your ticket to Winnipeg, make the reservation early. If you will be purchasing your ticket, wait until April or May, since the price usually comes down by then. **You must have a valid passport to enter Canada!**

Beech 99 Airliner

Estimated Cost

Rate for four days:	\$2,599.00
Canadian taxes:	288.48
